

ICT

ICT is one of the most popular vocational qualifications subjects offered. Working in this sector will mean you're at the forefront of one of the most dynamic, fast moving innovative sectors where individuals can make a huge impact.

Those who work in ICT will be working with technologies that are going to be even more transformational than the amazing changes we have already seen in the way we live, and at last, truly enable the information society. ICT is at the heart of everyday life, at home, work and in our leisure time from computer graphics and control systems to communications and problem-solving, ICT has an ever increasing role to play.
