

## **St Wilfrid's RC College**

### **Year 7 Literacy and Numeracy Catch-up Premium – 2017/18 cohort**

We are expecting additional funding of £17,578 allocated to our school for the weakest pupils in our Year 7 cohort who did not reach the expected stage in reading and/or mathematics at Key Stage 2.

This funding will support the following intervention strategies:

- Breakfast reading club - Two mornings a week a Teaching Assistant reads with selected year 7 pupils to improve their reading age.
- Homework Club - A Teaching Assistant supports selected year 7 pupils with their homework.
- One to one Reading - Teacher work with selected year 7 pupils to improve their reading age.
- Mini bus cost - To collect students to transport to school for reading club to improve literacy.
