

Year 8 Remote Learning

Students who are self-isolating will be able to access work and communicate with staff using Google Classroom:

- Google Classroom - including a diet of worksheets, Power Points with activities, retrieval tasks, quizzes, and past examination papers at Key Stage 4 and 5.
- Contacting staff – Google Classroom has a messaging function whereby students can contact teaching staff to ask for support in completing tasks.
- Further information about Google Classroom and Google Classroom tutorials can be found on our website on the news and events page: <https://www.st-wilfrids.org/google-classroom-learning-platform/>
- Paper resources will be sent out to students who do not have access to Google Classroom.

Actions that students need to take:

- Log onto Google Classroom using their school email address, not their personal email address.
- Invite themselves to the Year Group Class (code below)
- Invite themselves to their Subject Classes (codes below)
- Please be careful with capital letters and lowercase letters.
- Log on daily and follow their timetable to complete and submit the learning that has been assigned to them by their subject teachers.

Support

- Technical support and forgotten emails or passwords. Contact: helpdesk@st-wilfrids.org
- Difficulties with the classwork. Contact the subject teacher through Google Classroom.
- Difficulties with internet or computer access. Contact the Head of House.
