

## Y8-13 On Site Lateral Flow Testing Timetables

Your child should come along to the Sports Hall at the designated time for their form class. They will be in school for a short time to conduct their test and will then be free to go home. Unfortunately, parents are not able to accompany their child.

We ask that all Y8-11 students wear their full school uniform when attending the testing centre, so that we can conduct uniform checks in preparation for their return to school the following day.

Here are the timings of the first onsite LF tests for each year group:
