Excellence through Faith, Learning and Support

Faith:

Next week our focus for collective worship will be stewardship; this is the theological belief that humans are responsible for the world and should take care and look after it. Hopefully many of our students have continued to look after the sunflower they planted and are beginning to see the plant develop.

VirTuesday

This week we explored **Temperance** - controlling your tongue and actions, treating others with dignity.

Learning:

World Class Schools

We are delighted to let you all know that we have been successful in our World Class School re-accreditation bid. Seven students have been involved in putting together a portfolio that represents our school and they attended an assessment day in March.

We are very proud of our school community and that we have been awarded this status

Support:

Well-being Wednesday

Resilience was again our mental well-being focus this week. Getting through the 'not so fun' times can feel hard when we don't feel in control. We looked at how making a conscious effort to improve our attitude and help us regain control and take positive action.
