Excellence through Faith, Learning and Support

Faith:

Next week our focus for collective worship will be **Sea Sunday**. More than 90% of the world's goods and fuels are transported around the world, thanks to seafarers. Without them the world economy would grind to a halt. This would place businesses and millions of jobs around the world in jeopardy. On Sea Sunday, we celebrate all of the seafarers and the service they provide.

VirTuesday

This week we explored **Fortitude** - being ambitious and courageous.

Learning:

South Tyneside Young People's Parliament (STYPP)

Four students attended the STYPP launch project. The Student Council will be working on the project which focuses on Health and Wellbeing

Family Learning

Visit our family learning page on our website to see some healthy recipes to cook this summer term.

Support:

Well-being Wednesday

Our focus this week was 'having a curious mindset'. This short video explores that, often underestimated, curiosity is one of the great secrets of happiness. We explore how having a curious mindset and attitude can help us to be more open to new ideas and ways of doing things:
