

# HEADTEACHER'S WEEKLY LETTER

Spring 12

## Year 12 Forensics

Our Year 12 Forensic Science students stepped into the shoes of real crime scene investigators during an exciting crime scene simulation.

From collecting evidence to analysing clues, they meticulously worked through the case, applying their forensic skills in a hands-on learning experience.

What a fantastic opportunity to bring science to life and test their investigative skills.

## Rowing Success

Our girls rowing team performed exceptionally well this week. The team, all pictured, came in 1st-3rd place in their categories!

They represented the school brilliantly and we are very proud of their achievements.

Spring 12

## Easter Plans

As we approach the end of this spring term, I wish to share with you a reminder about the arrangements for school at the end of term.

Pupils will spend Friday celebrating their achievements this term, spending time with their tutor and house groups and also will attend a liturgy.

School will close at 12:20 and our scholars buses will arrive early to collect pupils.

## Year 7 Girls Football

A huge well done to our Year 7 Girls football team for their fantastic effort in the Central Venue League this week.

They showed great teamwork, determination, and skill throughout the competition.

We have lots of different sports teams running at St Wilfrid's and Active Lunch runs daily for those who wish to be more active over a lunchtime.

## Year 11 Reminder

If any Year 11s wish to order a leaver's hoodie, the deadline to complete the form is the 25<sup>th</sup> of April.

## Educational Psychology Survey

All pupils in South Tyneside have the opportunity to complete an online questionnaire from South Tyneside Educational Psychology Service in order to gather their views on how they feel about school and what would help them to feel supported.

This questionnaire has been sent to all secondary school pupils in South Tyneside but it is completely voluntary and they can choose whether they wish to take part.

The data collected will be anonymous and the Local Authority have assured us that they are not gathering any identifiable personal information. The results will be analysed in order to inform and plan targeted support provided by the Local Authority to schools and young people in the area.

If pupils wish to complete the survey, the link can be found below:

As we enter the final week of term, I want to take a moment to wish all our pupils, staff, and families a restful and joyful Easter when it arrives.

This season of Lent has been a time for reflection, growth, and kindness, and I hope it has brought a sense of renewal to our school community.

As we complete this last week together, I encourage everyone to finish the term with focus and enthusiasm. I look forward to celebrating the achievements of this term before we break for a well-deserved Easter holiday.

Mrs C Lennox

## Sports Leaders

Our Year 10 Sports Leaders took part in a First Aid Workshop, led by expert trainers from St John Ambulance.

The session combined practical and theoretical emergency first aid training, giving our pupils hands-on experience and essential life-saving skills.

This amazing opportunity equipped them with knowledge that can be applied in real-life situations.
